

PATIENT INFORMATION LEAFLET

Coolmint flavour therapeutic vaping substance accessories – **Consent to supply**

IMPORTANT – READ THIS LEAFLET CAREFULLY BEFORE USE

This leaflet contains important safety and usage information about your Nicovape Q Coolmint flavour products. Please read it carefully before use and retain it for future reference.

PURPOSE OF THIS DOCUMENT

The Coolmint flavour cartridges in the Nicovape Q range (**cartridges**) you are being supplied do not meet the Therapeutic Goods Administration (**TGA**) product standards for therapeutic vaping goods.

The TGA has consented for these goods to be supplied until 10 October 2025, where this Patient Information Leaflet (**PIL**) is provided with the goods and provides additional information about the safe and proper use of these products (which is not provided on the product label/ packaging).

MANDATORY SAFETY WARNINGS

THIS PRODUCT CONTAINS NICOTINE, WHICH IS A HIGHLY ADDICTIVE SUBSTANCE

- **DO NOT SWALLOW**
- **The form of nicotine in the good is nicotine benzoate**

In case of emergency or suspected nicotine poisoning, call the **Poisons Information Centre: 13 11 26**

MENTHOL CONCENTRATION IN COOLMINT PRODUCTS

CAUTION: All **Nicovape Q Coolmint** cartridges – including Q20, Q35 and Q50 – contain **more menthol than considered acceptable in the applicable standard** set by the TGA. Consult your doctor or pharmacist if you have any concerns.
